BRYAN INC.

With his witty humor and passion for teaching, Bryan Baeumler has been educating and entertaining viewers worldwide for the past decade in series *Leave it to Bryan* and *House of Bryan* - where he renovated his own family homes alongside his wife Sarah. Now after three spirited home builds as husband and wife, Bryan and Sarah take on an entirely different relationship: that of boss and employee... what could go wrong?! In the new franchise, *Bryan Inc.*, Sarah joins the construction company as a Project Manager and together they will buy, renovate and sell homes and also help their clients create the homes of their dreams. It's a huge learning curve for Sarah as she juggles trades, inevitable construction delays and strict budgets. Bryan is depending on his wife to rise to the new challenge, and together they struggle to find the balance between the demands of work, clients and four very active kids. Watch the drama unfold and see a real family work it out, using their humour and signature banter to see them through every challenge.

* *Bryan Inc* was the highest rated series premiere on HGTV Canada in over five years!
